

CHANGE
CREATED BY YOUTH
FOR YOUTH

MISSION

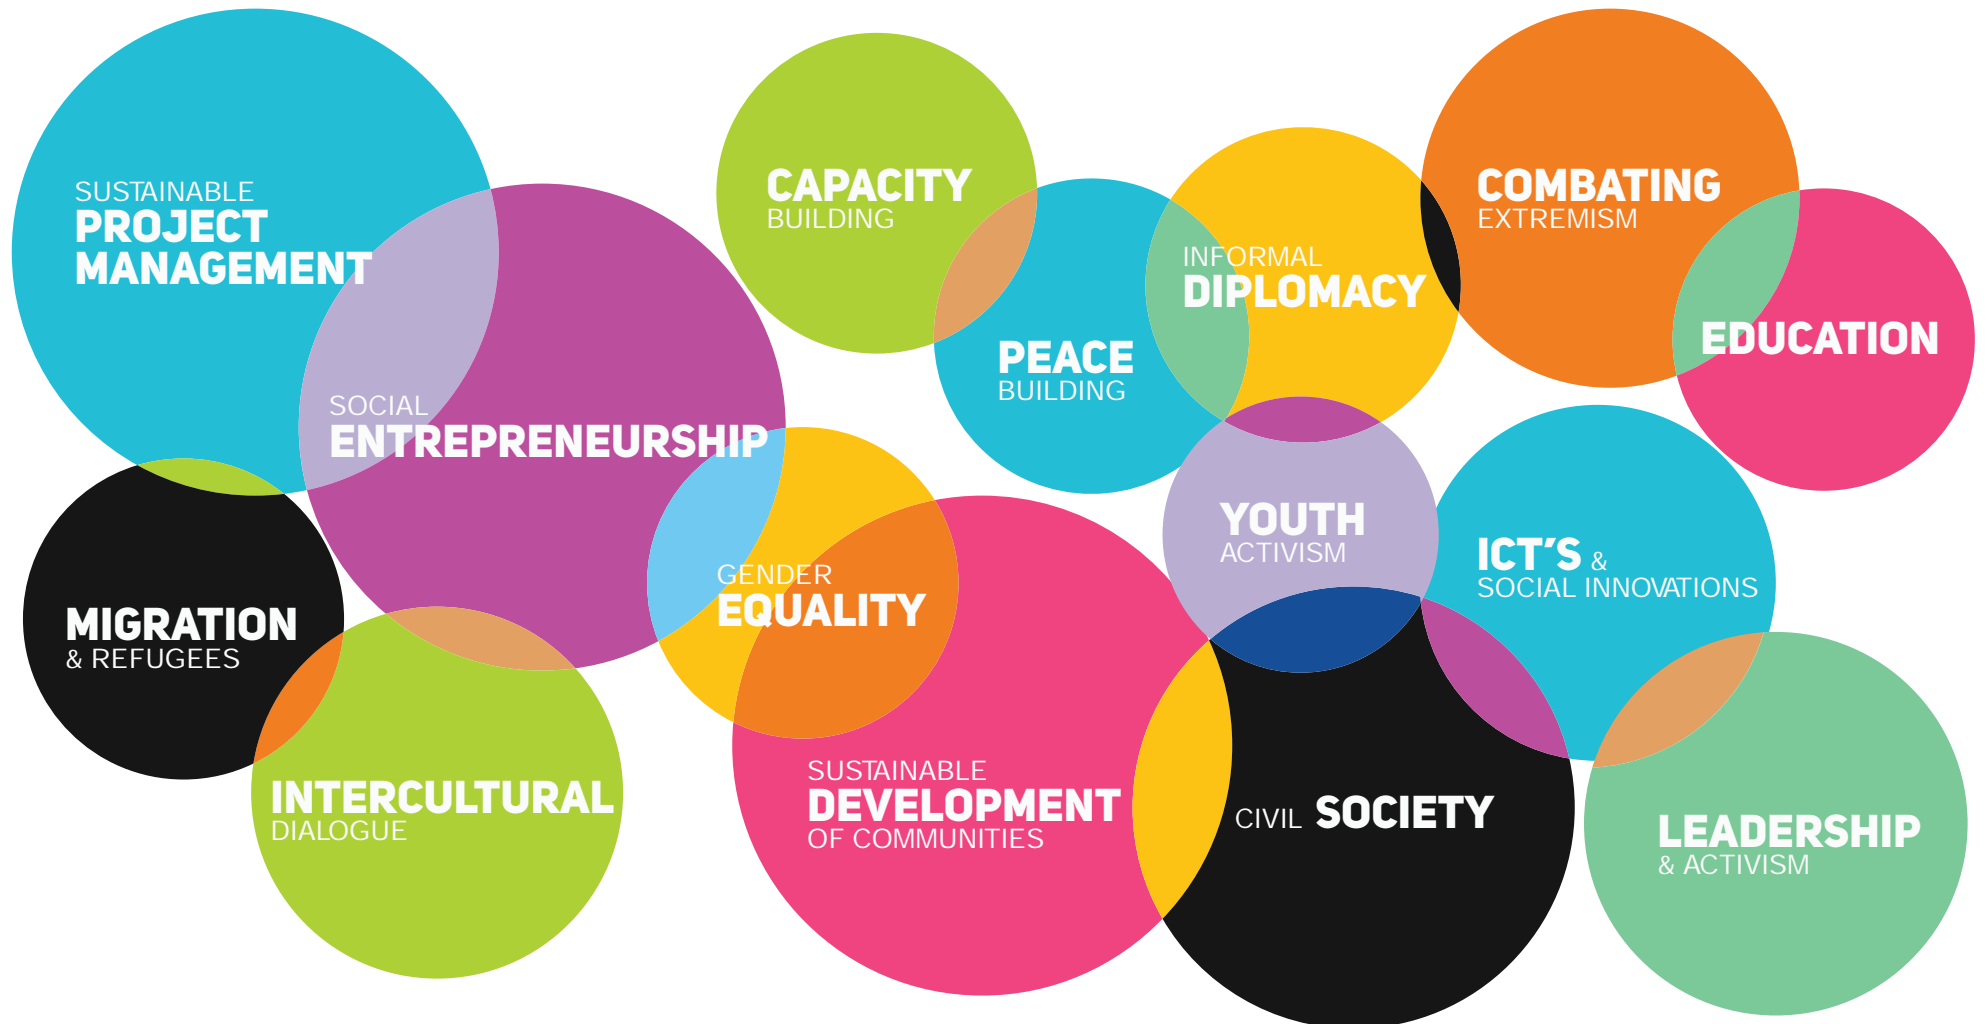

The voices of young people are very often not heard in the society, which becomes an obstacle for them to engage in decision-making process. They lack skills and knowledge on how to solve problems and create change, as well as have limited access to affordable, solid, holistic and skills development training programs. Youth to Youth Initiative (Y2Y) was founded back in 2015 to advocate for solving these problems.

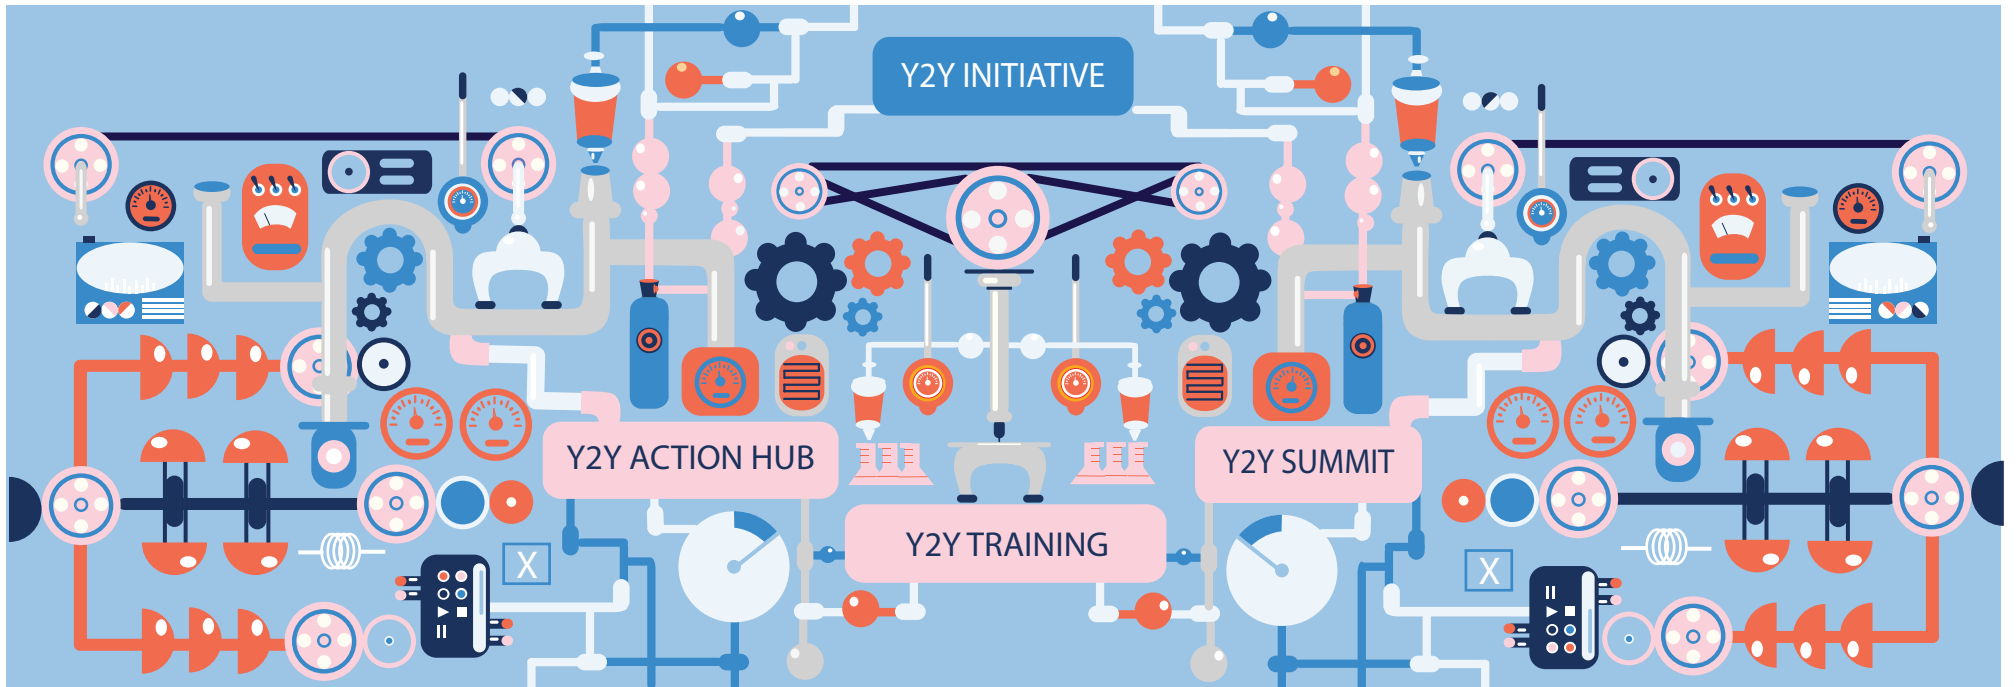

OUR MISSION is to empower and inspire global youth community through holistic and accessible trainings, networking opportunities and mentorship of youth led projects.

MECHANISM

Y2Y SUMMIT

YOUTH TO YOUTH SUMMIT, planned on annual basis, encourages youth to come up with the solutions for the most pressing issues the world is facing via cross-disciplinary dialogue. All activities of the Summit, including panel discussions, workshops, networking sessions and cultural activities, oriented on action and aim to inspire joint projects' creation and conceptualization.

The best projects, selected during the Summit, automatically receive a year-long unlimited support for the development and implementation under the Youth to Youth Action Hub.

OTHER ACTIVITIES: Y2Y BRUNCH WITH A SPEAKER

Youth to Youth Brunch was established as a follow-up event of the Y2Y Summit 2015. After hosting inspiring speakers, we have discovered that our participants want to discuss further issues that matter to youth. So we decided to help them to host non-formal conversations with such inspirational speakers at any place in the world.

Within 2015 - 2017 together with our partners, alumni and volunteers, we have organized 13 brunches in 9 countries and 3 continents.
